

SIMPLY CLEVER

**Škoda** Octavia RS

1.

2.

Finally, a car with enough power and speed for life in the fast lane combined with all the comfort and safety you need to slow down and relax.

The Škoda Octavia RS is for those who need a practical family car, but don't want to give up their dreams.

The Škoda Octavia RS simultaneously fulfils the schoolboy's desires while seeing to the needs of the caring family man. Gently press the throttle and you'll marvel at the instant

transformation from practical and spacious family car into thrilling sports car. Take it on a family trip and you'll appreciate the comfort and safety it provides you and your loved ones. The Octavia RS blends spacious comfort with a feisty, aggressive character just as naturally as it combines the latest technologies with a classic design sensibility.

**1. & 2. Bumpers with an integrated spoiler** are painted in the body colour, both front and rear, and give the car an aggressive expression while still evoking a feeling of security and respectability.

3.

4.

5.

6.

7.

8.

**3. Xenon headlamps with dynamic adjustment** also largely contribute to the model's exceptional attractiveness. Their higher luminosity helps to reduce eye fatigue and therefore ensures safer driving. The dynamic adjustment prevents blinding other drivers.

**4. The front grille** with vertical bars is the respected face of all Škoda cars, while the RS logo is a sign of exclusivity.

**5. The fog lamps** in RS design are further proof that dynamism and safety can speak the same language.

**6. 17" or 18" Zenith alloy wheels** are exclusive to the RS design – coveted as much for their striking design as for the increased safety and driving comfort they provide. Some of the first things you'll notice are the red brake callipers peeking through the wheels. Their most important feature can't be seen, however:

the high efficiency and reliability of both the front and rear disc brakes.

**7. The double exhaust tailpipe** is one of the tuning items which is bound to please sports-minded drivers.

**8. The RS badge** is also found on the rear of the car – a tasteful conclusion to an exceptional design composed entirely of original details.

1.

2.

**1. The roof railing** for the Octavia RS model serves as a basis for fitting on other carriers, such as a surfboard holder, ski or snowboard rack, bicycle carrier and so on. The roof railing is available in both elegant black or exclusive silver colours.

**2. The 5th door spoiler** in the body colour, which positively affects the model's aerodynamic properties, is another impressive piece of Octavia RS equipment.

**3. Front seats** inspired by the racetrack are an effortless blend of sporting style and classic comfort. You will appreciate them both on winding country lanes and on long motorway journeys. The RS emblem is attractively embroidered on both seats.

The space and comfort provided by the rear seats will be welcome by all passengers especially on the way home from family sporting excursions.

**4. The 3-spoke steering wheel** wrapped in black partially compressed leather says all you need to know at first sight. As soon as you wrap your hands around its soft curves, you know you're in control of a true driving machine.

**5. The Cruise navigation system** with a monochromatic display shows direction, using arrows, as well as remaining distance and time to your destination or turning points. You receive both visual and voice instructions.

3.

4.

5.

6.

7.

8.

The data is also shown on the Maxi DOT display which is a part of the navigation system. It also enables playing CDs and MP3s. It's available as extra equipment.

**6. The gear stick** with a chrome plaque and leather knob and sleeve contributes to the more than pleasant driving experience. When it comes to engines you can choose between two highly powerful types. Its 2.0 TFSI petrol engine pumps out 147 kW of power, placing

it amongst the absolute elite in its category, while its proven reliability guarantees a consistently exhilarating experience whenever you get behind the wheel. You can also expect a remarkable performance from the 2.0 TDI CR/125 kW engine delivered exclusively with a DPF (Diesel Particulate Filter). Its friendly approach to the environment is also visible in the low fuel consumption.

**7. The leather handbrake handle** is indisputably elegant yet speaks of a sporting past.

**8. The noble steel foot pedal covers** draw a thin line between sports style and luxury.

The use of solvents is being reduced in paint shops and water-soluble colours without harmful solvents are used for the body paint.

# General information

## ŠKODA SERVICE

Put your car in good hands! We give you good reasons to choose an authorised Škoda service partner.

### We offer you first-class quality

Your car requires advanced technology. For this reason, all the Škoda authorised service partners have special tools and quality diagnostic systems at their disposal that in combination with the technological procedures prescribed by the manufacturer ensure the perfect functionality and reliability of your car.

### Profesionally trained staff by the manufacturer

The ever-rising standard of the technology used in the car require corresponding professional qualifications on the part of the staff. To meet this requirement, the manufacturer organises regular training for the staff of the authorised service establishments in order to provide them with state-of-the-art information important for their activities.

### Our motto: be fair and open with our customers

Careful, professional and friendly counselling for the customers upon acceptance of orders is of great importance to us in the same manner as diligence and completeness in respect of repairs and maintenance work. All this is continuously monitored by internal quality control of the provided services.

### Comprehensive range of services:

#### • Service inspections

For your car to remain in top condition and functional for a long time and, optionally, not to forfeit warranty, it is essential for your Škoda authorised service partner to perform regular service inspections. The service schedule informs you about when the service inspection must be done.

#### • Body and paintwork service

Damage to the body and painted areas following an accident in accordance with manufacturer's instructions will be fixed by your authorised Škoda service partner in an expert manner in accordance with information from the manufacturer using Škoda Genuine Parts. This is important not only for your safety, but also for functionality and maintaining your car's value.

#### • Courtesy car

The authorised Škoda service partner can provide you with a courtesy car for the period of repair or service inspection.

#### • Pick-up and delivery service

If you are unable to take your vehicle to Škoda service, an authorised Škoda service partner will arrange a date with you to pick up the car. The car will be delivered back after the service work has been completed. The listed services represent only a part of wide range of Škoda service offers. The offer may vary from country to country. Please contact your authorised Škoda service partner for further details and information on the range and specific conditions of services they offer.

## ŠKODA GENUINE ACCESSORIES

Genuine accessories make every vehicle unique, giving it its own style. The Škoda Octavia RS comes with very extensive standard equipment; however, some of the additional items can only be purchased as Škoda Genuine Accessories. These items include, for example, child safety seats, roof rails, mobile phone adapters and alloy wheels. The extra equipment offer also extends to mechanical security items and a whole series of items increasing the vehicle's utility value and individuality. Our catalogue of Octavia equipment contains more detailed information on the Škoda Genuine Accessories range.

## ŠKODA GENUINE PARTS

Škoda Genuine Parts are identical to those used during the assembly of Škoda vehicles. The vehicle manufacturer knows best which part is intended for which functionality and the required parameters it needs to meet unconditionally for the car to function properly.

### Safety

Every vehicle component and part has its own purpose and some of them directly determine the safety of the car's occupants. Our care for safety is proven in, for

example, body structure, airbags, safety belts and most importantly in the brake system. The lives of the people in and around the car depend on the quality and operating efficiency of the brakes, especially under extreme conditions.

### Availability

Thanks to the large network of authorised Škoda service partners, all Škoda drivers can be assured that they will be able to get the parts they need for their car. Škoda Auto offers a comprehensive range of parts and equipment items that are used in the vehicle's production, and does not merely focus on high-turnover parts. The supply of Škoda Genuine Parts is provided even after the relevant vehicle model is discontinued, and not just for the period specified by law: indispensable components for the operation of the car are supplied to the market for at least 15 years after the discontinuation, car equipment components are supplied to the market for at least 10 years after the discontinuation and components of door lining and carpets are supplied to the market for at least 8 years after the discontinuation.

### Top quality

To verify quality parameters, the development department maintains an extensive testing facility including a test circuit with extreme polar and desert conditions, as well as material testing laboratories of the quality control department. Thanks to use of first-rate materials and technologies, Škoda Genuine Parts ensure safe and carefree driving. Precise alignment guarantees replacement of worn parts without unnecessary complications.

### Long life

The use of first-rate materials and top production technologies in the production of Škoda Genuine Parts ensure their maximum reliability and long life.

### Original technical solutions

The knowledge gained in production and operation is continuously reflected in the search for new technical solutions aimed at obtaining a truly first-rate product, which will meet the customer's requirements.

### Legislative requirements and certification

All Škoda Genuine Parts meet the legislative requirements and are approved by Škoda Auto on the basis of meeting stringent criteria. This way the customer obtains a guarantee that the components installed in their vehicle will be reliable, functional and safe.

### Protection of the environment

The Škoda Genuine Parts range includes exchange parts whose production does not burden the environment with waste, excess heat and water pollution to a high degree. Returned parts and aggregates are not discarded but modified for re-use, thus re-utilising a great part of the work and energy invested in the parts during their manufacture.

## INFORMATION ON THE INTERNET

Information is available at [www.skoda-auto.com](http://www.skoda-auto.com) to assist you in deciding which vehicle suits your needs thanks to the detailed descriptions and photographs of all our models. Our Configuration program will let you try various combinations of standard equipment, engine, paint colour, interior and extra equipment to make sure your new vehicle accurately meets your requirements. This programme will also assist you with the calculation of optimum monthly payments for vehicle financing and the selection of a suitable dealer.

## ŠKODA FINANCE

If you select a new Škoda Octavia RS vehicle, ŠkoFIN will assist you with financing it. The ŠkoFIN Company offers programs both for individuals and legal entities. Our Škoda Finance brand product line offers both lease and loan financing. You can contact one of our authorised Škoda partners to arrange and sign an agreement and to learn more about our product offer or the convenient special offers from ŠkoFIN. These are time-limited; however, they bring very unique and interesting benefits.

## FLEET SALES

Whether your car fleet is small or large or whether you are a customer from the business or public sector, Škoda Auto and its authorised dealer network are here for you. We offer products and services tailored to your business and financial needs, including top-quality customer care, a portfolio of services corresponding to the specific requirements of corporate customers and a high quality of cars, accessories and maintenance services, which are a guarantee of low operating and ownership costs of your car fleet.

One of the most important goals of Škoda Auto is the development and production of products that are as environmentally friendly as possible throughout their life cycle phases, placing principal emphasis on the selection of recyclable materials. Our Škoda cars are manufactured using progressive types of technology in modern production facilities that meet the strictest criteria. Anticorrosive protection of the cars' painted parts is based exclusively on lead-free cataphoresis (KTL) and water-soluble paints.

Our company strategy includes limiting fuel consumption and emissions. As a result, the engines of Škoda Auto meet the current emission regulations. We also offer diesel engines with Diesel Particulate Filters (DPF). All products made by Škoda Auto adhere to the laws and regulations concerning the protection of soil and water. As a result of these activities, Škoda cars meet technical, safety, quality and environmental requirements. Škoda Auto contributes to the preservation of a clean environment and provides mobility and comfort to its customers.

The environmental logo expresses Škoda Auto's awareness of responsibility for, and attempts at, the sustainable development of the company and a friendly approach to life and nature.

Some models in this catalogue are shown fitted with extra equipment not necessarily included in the standard equipment. All details of technical specifications, design, equipment, materials, guarantees and appearance were accurate at the time of going to print. However, the manufacturer reserves the right to make any changes

(including changes of technical parameters or individual model equipment). Please consult your authorised Škoda partner for further details on standard and extra equipment, current prices and delivery terms and conditions. This catalogue was printed on cellulose paper which was bleached without using chlorine. The paper is 100% recyclable.
